ROADS WILL AVOID FRICTION

Western Association, However,
to Ask 10 Per Cent Cut.Need Wage Reduction Before
Lowering Rate Schedules.

(By the Associated Press.)
Chicago, Oct. 29.—The United States railroad labor board today, in effect, forbade railroad union labor from striking without the board's permission, and declared that all strikers who violated the order would be classified as outlaws who had voluntarily removed themselves from the protection of the transportation act.

The board made three findings. These were:

First—That all such disputes must be referred to the board before any action is taken.

Second—That any interruption of traffic would be a blow aimed at the peace, prosperity and safety of the entire nation.

Third—That any union going out on strike will forfeit its right and the right of its members in all existing contracts and lose all benefits accorded by the transportation act.

This was the board's final statement on the railroad strike which was to have been called tomorrow morning by the big four brotherhoods and the switchmen's union.

Toned down considerably from the first draft, prepared before the unions had called off their threatened strike, the decision based on the hearing held by the board last Wednesday, still set forth in plain language the board's determination that the unions had no power allotted to it under the transportation act.

Every dispute involving changes in wages, rules, working conditions, etc., must be referred to the board and no action taken by either side until authorized by the board, the decision says.

New Controversies Seen.

Prospects of further controversy in the rail situation were seen today when it became known that the unions were proceeding with preparations for new wage cuts. Applications for such reductions, however, will have to be made thru the labor board.

Another development was the report of an open split between the railroad unions, headed by Warren S. Stone and W. S. Carter, are said to have demanded the brotherhood chairman sever relations with the Brotherhood of Railway Trainmen. When the break in the ranks of the "big five" brotherhoods came prior to the departure of the union chiefs for Cleveland.

The action of the engineers, and firemen is directed, it was said, against W. C. Lee, chief of the trainmen. It was Lee, chiefly, who forced this "peace measure" offered to the unions by the labor board. In so doing, Lee was charged with having "peace measures" offered to the unions by the labor board. In so doing, Lee was charged with having "peace measures" offered to the unions by the labor board.

Penny Road Defiant.

The Pennsylvania railroad, which has been in controversy with the labor board over the matter of selection of employees representative with whom to confer on wages and working conditions, today announced it would abide by the board's ruling direct to hold a new election.

The road had refused to admit the authority of the board to prescribe the manner in which the election should be held. In announcing its decision, the Pennsylvania declared it had no wish to disturb the amicable relations resulting from the settlement of the threatened strike.

It was intimated, however, that the Pennsylvania might later bring a friendly suit to test the power of the board to direct how it shall hold its elections.

New Cuts To Be Asked.

In a statement issued today, S. M. Felton, chairman of the western group of the Association of American Railways, made it clear that while further wage cuts would be asked, no precipitate action that would cause friction with employees is to be taken. An application for 10 per cent decrease in wages will be made, Felton said, but it will accord with the policy outlined by the labor board.

"We need the 10 per cent reduction if we are to cut rates," Felton said, "but we are going to handle the matter in a way that will not cause friction."

COUNCIL WINS SIDEWALK WAR

Oakland City Officials Declared Victors
by District Court.

The Oakland city council came out victorious in the sidewalk war today. Judge James McClure in the district court sustained the demurrer of the defendants to the petition of the plaintiffs and the anti-amusement forces were defeated. Judge L. S. Ferry, attorney for the "oppositionists," announced that the case will be appealed to the state supreme court.

A five days' stay of execution, during which the restraining order preventing the council from continuing the sidewalk program will remain in force, was granted by Judge McClure pending the appeal.

The case in court, it was pointed out by Judge McClure in rendering his decision, concerned only the legal aspects of the case and in no wise entered into the merits of the controversy. The plaintiffs alleged that the proceedings of the council were illegal.

Reed Wants to Retain Excess
Profits Tax for Vets.Democrats Fight Against In-
crease of Capital Levy.

Washington, Oct. 29.—Income tax returns made to the treasury by corporations would be open to inspection at the request of either house of congress under an amendment to the tax revision bill adopted today by the senate without a record vote.

The illness of Senator Lodge of Massachusetts, the Republican leader, contributed to the situation. The senate today, which forced the Republican majority to abandon its plan to force the final passage of the pending corporation tax bill by force.

It was explained that Senator Lodge was confined to his residence by a severe sore throat and would be unable to attend today's session.

Republican Chiefs Determined.

Republican leaders were determined, however, to continue to put pressure behind the bill and another night session was in prospect.

The capital stock tax section was on the calendar today with a long fight promised. Senator Lodge of Massachusetts, the Republican leader, had before the senate an amendment to exempt holding companies from this tax, where it had been paid by a subsidiary company, and Senator Reed, Democrat, Missouri, had given notice that he would offer what he termed a very important amendment.

New Fights in Prospect.

There seemed to be doubt early today whether the senate could get thru with all of the whole committee and majority amendments before recess tonight.

After the bill has been perfected in the committee of the whole it will be taken up again in the senate for amendment. Then will come the determination of whether the senate will wage with the launching of some new ones.

Senators Walsh, Democrat, Massachusetts; Reed and Edgar, Republicans, New Jersey, have given notice that they will seek to amend the corporation income tax section which was tentatively approved yesterday with the rate at a flat 15 per cent after two amendments by Senator Reed and one by Senator Walsh.

Democrats Fight Increase.

Senator Edge plans to make a fight for retention of the present 10 per cent rate while the Democrats will center their fight on the proposition to prevent the threatened increase in the taxes paid by corporations having retained earnings of 10 per cent or less on their invested capital.

The soldier bonus question has been lodged in the tax fight. Senator Reed having proposed an amendment to continue the present excess profits tax and to use the proceeds in carrying out the five-year soldier relief plan commended by a senate committee but recommended at the request of President Harding.

"You can look for a big increase in diphtheria Monday," said Dr. Brown. "This kind of weather is mighty conducive of diphtheria, damp weather always is."

SMALL CROWD AT GAME

South Bleachers Almost Deserted at
Washington-Fairmount Contest.

It was a cold day on Washington field for the Washington-Fairmount football contest this afternoon. There were scarce a dozen spectators in the south bleachers five minutes before the contest was to start. The Washington side, however, was fairly well filled with cheering humanity.

The field was in excellent shape. It was well marked and oiled and there was not a speck of mud. Fairmount came out and limbered up before Washington appeared. If their actual playing is no better than their preliminary practice, it was evident that Washington would score another victory today.

PAY RUSS DEBTS

Officially Confirmed Soviet As-
sumes Imperial Obligations.Action Conditional Upon Pow-
ers Making Peace With Reds.

(By the Associated Press.)
Riga, Oct. 29.—Official confirmation that the Russian soviet government has agreed, under certain conditions, to recognize the foreign debts of the imperial Russian government, was received here today thru the Rosta, official Bolshevik news agency.

According to the Rosta dispatch, George Chicherin, soviet foreign minister, yesterday dispatched a note to the British, French, American, Italian and Japanese governments, saying the soviet government would agree to recognize the old debts, incurred up to 1914, under the condition that "Russia be given certain privileges making possible the practical fulfillment of those obligations."

Soviet Russia's recognition of the foreign debts, M. Chicherin's note said, was conditional upon the great powers concluding final peace with and recognizing the soviet republic.

The first indication that soviet Russia was considering the recognition of the foreign debts of the old imperial government was reported on Thursday, of this week. A dispatch to the Associated Press from Copenhagen quoted another dispatch from Riga, Estonia, to the Social Democrat, to the effect that M. Lavloff, chief of the Russian soviet legation abroad, had said in an interview:

"We have informed England and France that the soviet government is ready to acknowledge imperial Russia's debt to foreign capitalists, but it would be absolutely necessary to confer regarding the ways and means of redeeming that debt."

MUST HAVE FRENCH TOBAC

Marshal Foch Loves His Pipe,
and Brings His Own Supply of
"Fuel" to America.

Washington, Oct. 29.—Marshal Foch, who is known as an inveterate pipe smoker, before boarding the steamship Paris for his trip to America, made sure that a sufficient amount of his favorite French tobacco was on board.

One of his military aides has it in charge twenty-five pounds of it. Soon after he was taken off the Paris at New York and had exchanged official courtesies with the members of the reception committee on the tug Vigilant, he went inside the pilot house, lighted his small briar pipe and seemed perfectly at home. He emptied it as he approached Battery park and put it back into his pocket.

Two hours later when comfortably established in his special train for the run to Washington, the pipe was out again. After dinner he followed the example of his guests and smoked a cigar, but this finished the pipe again came into view only to disappear when the train pulled into the Union station. Again at his hotel the last thing he did before going to bed was to take a few more puffs.

FOCH JOINS LEGION INTO COAL FIELDS

French War Chief Honored
Guest at White House.Plans to Visit Tomb of Wash-
ington This Afternoon.

Washington, Oct. 29.—With a flourish of trumpets and the cheers of a huge crowd ringing in his ears, Marshal Foch, leader of allied armies in the world war, called at the White House today and was received by President Harding.

Accompanied by Ambassador Jesserand and General Pershing and under the escort of a troop of cavalry, the marshal was greeted by throngs along Pennsylvania avenue. The White House grounds were jammed with people who cheered wildly as the marshal entered.

At the White House entrance, the marshal was received with much pomp and ceremony and he bowed in response to the cheers as he crossed the broad veranda, entering the executive mansion. Marshal Foch will be a luncheon guest at the White House.

The activities of the marshal while in Washington will be tempered with moderation, upon orders of his physician, who has no intention of letting the distinguished French general wear himself out in response to the enthusiastic demands upon him.

If it is possible, Marshal Foch will go to Mount Vernon this afternoon to lay wreaths upon the tomb of General Washington. Tonight he will be the guest of honor at a dinner at the French embassy. He also will be present at a reception at the faculty and students of Georgetown university, an expression of admiration from the Jesuit schools of America to the graduate of one of the Jesuit schools of France.

One of the first acts by the marshal upon his arrival in Washington was to accept of membership in a local post of the American Legion.

Survey of Situation.

"I have nothing to give out," he said. "Whatever news there may be will have to come from Washington. We are simply making a survey of the situation."

Asked if he had instructions to work with the industrial court, he said: "We do not have instructions to work either with or against the industrial court."

Dynes admitted he had talked to the Lewis representatives in the coal fields, but said he had not talked to either Howat or "Jock" Fleming, who is acting as leader while Howat is in jail.

W. L. Huggins, with whom Dynes was closeted, said he knew nothing about the federal labor department's representative coming to Topeka until Dynes entered his office. He said that Dynes merely assured him that he had not been sent to Kansas because Huggins felt that the industrial court had broken down. He said they merely discussed the workings of the industrial court law and that Dynes took away with him the supreme court decisions that have been handed down in the test cases that have been made.

PRICE TOO GREAT

Successful British War in Ire-
land Would Cost Billion.Military Advisers Claim Two
Years' Campaign Necessary.

LLOYD GEORGE IS CONFIDENT

Lloyd George Confident Parliam-
ent Will Back Policy.Only Tories Refuse to Support
Chief in Irish Crisis.

London, Oct. 29.—British military experts have advised Premier Lloyd George that it would cost Great Britain one billion dollars to conduct a successful war in Ireland and would require two years time for the campaign to maintain the grave loss in human life, it was learned.

The premier will make his supreme speech on the Irish situation in the commons on Monday and it was in his search for oratorical thought he sought military advice as to the cost of subduing Ireland in the event of the peace conference break-down and the armistice was repealed.

The premier is expected to use this information on Monday to reply to the Tory critics in the house of commons.

It would be necessary for the British military to undertake a "block house" campaign against the Irish forces if war were renewed in Ireland, the premier's informants pointed out. The premier is preparing his speech at Chequers. He will deliver it in commons just before the house votes on the resolution to support the policy of the Unionist members.

Lloyd George Confident.

Confident that he will receive a vote of confidence in the house of commons Monday on the Irish peace issue, Premier Lloyd George went to his country estate at Chequers today for a quiet week-end.

The premier planned to hold a few informal conferences and will keep in touch with other cabinet members during his week-end.

The premier's receiving assurances of support from most of the factions in commons outside the Tories, it was declared today by political supporters of Mr. Lloyd George.

Accompanied by the Morning Post, organ of the Tories, support the premier's Irish policy.

Premier's other political supporters, with the exception of the Morning Post, organ of the Tories, support the premier's Irish policy.

—Liberal and Unionist supporters will rally their full strength over the week-end and the battle in commons on Monday probably will be one of the most spectacular in recent years.

Irish Council Meets.

Dublin, Oct. 29.—The conference of the high council of the Irish Free State, which opened today, did not break up until early today.

The council made a speech on the Irish political situation, which was constitutional matters organization matters were discussed. It was announced that the council had decided to hold a conference with the British government on Monday.

Defeat of Nonpartisan League
Governor in Recall Seen.

Independent Candidate in Ma-
jority by Nearly 25,000.

(By the Associated Press.)
Fargo, Oct. 29.—R. N. Nesbitt, independent, was leading Governor Lynn J. Frazier, Nonpartisan, by nearly 25,000 in returns from 1,153 of the 2,094 precincts compiled thus unofficially by independent newspapermen.

While the independents were claiming victory for their candidates by majorities averaging 10,000, the Nonpartisan state headquarters here insisted in a statement to the Associated Press that other returns from the Missouri slope county, admittedly league territory would be necessary before the outcome could be known definitely.

Returns from 1,153 of the state's 2,094 precincts compiled thus unofficially by independent newspapermen gave the standing of the gubernatorial contest just before noon today as R. A. Nesbitt, Independent, 85,178; Governor Lynn J. Frazier, 62,497.

These returns were from all but four counties in the slope district. New votes tabulated this morning totaled 23,604. In which the independent candidates suffered a net loss of 3,958 votes in part, however, due to an error in tabulating the count in one county.
